

How do I find out which book is next in the series that I'm reading?

Go to the website:

<http://ww2.kdl.org/libcat/whatsnext.asp>

Type in the author's last name and first name (no need to fill out the rest of the form). When your author's name appears, click on the "plus sign" in front of the name.

Now click on the "plus sign" in front of the series that you want and the order of the series titles will be displayed. You can print this list and use it for future reference.

All titles can be placed on hold if not available at your GCLS branch library.
