It all started with Kurt and his sister Casey going to a party. A gunshot is heard. What happened to Casey? People are telling Kurt that they saw her fall off the pier and saw blood. Now Kurt is involved in the rogue investigation, trying to find out what happened to his sister…

Things aren’t always as they seem—you don’t really know a person like you think you do. Read *The Night My Sister Went Missing* and find out.

**Join the Teen Advisory Board!**

Teen volunteers are important! They are reading buddies: helping a child once a week with homework, math, or reading. Teens also help with summer reading programs; write articles and reviews for this teen newsletter; and assist with the Christmas parade, Thanksgiving Festival, and Read Across America. The volunteers also make suggestions for the books, CD’s, and DVD’s for the library to purchase. We hope you will consider volunteering at the library closest to you.
Paperback Writer

Name: Shelby Carlton

Grade: 12th Grade

School: Home schooled

Why she likes volunteering: She likes working with little children and she grew up in the library because her mom works in the library.

Future Goals: She wants to publish a young adult fiction novel and draw pictures for it. She also wants to marry Hugh Jackman or David Tennant :) She is in the process of establishing a pet-sitting service.

Hobbies: Writing, Reading, Drawing, and playing Resident Evil and Pokémon
